## B. Frequently Asked Questions (FAQ)

Find answers to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more or look for a question and answer.

---

### B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)

The drugs on the Drug List that starts on page 14 are the drugs covered by Horizon NJ TotalCare (HMO D-SNP). These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Horizon NJ TotalCare (HMO D-SNP) will cover all medically necessary drugs on the Drug List if:

- your doctor or other prescriber says you need them to get better or stay healthy, **and**
- you fill the prescription at a Horizon NJ TotalCare (HMO D-SNP) network pharmacy.
- Horizon NJ TotalCare (HMO D-SNP) may have additional steps to access certain drugs. Refer to question B4 for more information.

You can also find an up-to-date list of drugs we cover on our website at **[www.Medicare.HorizonBlue.com/formularylookup](http://www.Medicare.HorizonBlue.com/formularylookup)** or call Member Services at the numbers listed at the bottom of this page.

---

## **B2. Does the Drug List ever change?**

Yes, and Horizon NJ TotalCare (HMO D-SNP) must follow Medicare and Medicaid rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from Horizon NJ TotalCare (HMO D-SNP) before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 have more information on what happens when the Drug List changes.

- You can always check Horizon NJ TotalCare (HMO D-SNP)'s current Drug List online at **[Medicare.HorizonBlue.com/formulary-lookup](http://www.Medicare.HorizonBlue.com/formulary-lookup)**.
- You can also call Member Services at the numbers listed at the bottom of this page to check the current Drug List.

---

### B3. What happens when there is a change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug. When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.
  - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
  - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Refer to questions B10-B12 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know. Speak with your prescriber about switching to an alternative if your drug is taken off the market.

**We may make other changes that affect the drugs you take.** We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market and
  - Replace a brand name drug currently on the Drug List **or**
  - Change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List or
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- If there is a similar drug on the Drug List you can take instead or
- Whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12 for more information.

---

**If you have questions**, call Horizon NJ TotalCare (HMO D-SNP) Member Services at **1-855-457-1346**, (TTY 711) 24 hours a day, seven days a week. The call is free. **For more information**, visit [www.HorizonBlue.com/Medicare](http://www.HorizonBlue.com/Medicare).

---

**B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?**

Yes. Some drugs have coverage rules or have limits on the amount you can get. In some cases you, your doctor, or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you, your doctor, or other prescriber must get authorization from Horizon NJ TotalCare (HMO D-SNP) before you fill your prescription. Prior authorization is different from a referral. Horizon NJ TotalCare (HMO D-SNP) may not cover the drug if you do not get authorization.
- **Quantity limits:** Sometimes Horizon NJ TotalCare (HMO D-SNP) limits the amount of a drug you can get.
- **Step therapy:** Sometimes Horizon NJ TotalCare (HMO D-SNP) requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor or other prescriber thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the table on page 11. You can also get more information by visiting our website at **[www.HorizonBlue.com/Medicare](http://www.HorizonBlue.com/Medicare)**. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception to these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

---

**B5. How will I know if the drug I want has limits or if there are any actions required to get the drug?**

The table of drugs on page 14 has a column labeled "Necessary actions, restrictions, or limits on use."

---

**B6. What happens if Horizon NJ TotalCare (HMO D-SNP) changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?**

In some cases, we will tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

---

**If you have questions**, call Horizon NJ TotalCare (HMO D-SNP) Member Services at **1-855-457-1346**, (TTY **711**) 24 hours a day, seven days a week. The call is free. **For more information**, visit **[www.HorizonBlue.com/Medicare](http://www.HorizonBlue.com/Medicare)**.

---

## **B7. How can I find a drug on the Drug List?**

There are two ways to find a drug:

- You can search alphabetically by the drug's name, **or**
- You can search by drug type.

To search **alphabetically**, use the Index of Covered Drugs section. You can find it starting on 132 of this guide. The Index of Covered Drugs is an alphabetical list of all of the drugs included in the Drug List. Brand name drugs and generic drugs as well as over-the-counter (OTC) drugs are listed in the index.

To search by **drug type**, find the section labeled "List of Drugs by Drug Type" on page 14. The drugs in this section are grouped into categories by type. For example, if you are taking a medicine for pain, you should look in the "Analgesics" category. That is where you will find drugs that treat pain.

---

## **B8. What if the drug I want to take is not on the Drug List?**

If you don't find your drug on the Drug List, call Member Services at the numbers listed at the bottom of this page and ask about it. If you learn that Horizon NJ TotalCare (HMO D-SNP) will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

---

## **B9. What if I am a new Horizon NJ TotalCare (HMO D-SNP) member and can't find my drug on the Drug List or have a problem getting my drug?**

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of Horizon NJ TotalCare (HMO D-SNP). This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead, or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**

---

**If you have questions**, call Horizon NJ TotalCare (HMO D-SNP) Member Services at **1-855-457-1346**, (TTY 711) 24 hours a day, seven days a week. The call is free. **For more information**, visit [www.HorizonBlue.com/Medicare](http://www.HorizonBlue.com/Medicare).

- the drug requires prior authorization by Horizon NJ TotalCare (HMO D-SNP), **or**
- you are taking a drug that is part of a step therapy restriction.

If you are taking a drug that Horizon NJ TotalCare (HMO D-SNP) does not consider to be a Part D drug, you have the right to get a one-time, 72-hour supply of the drug.

If you are in a nursing home or other long-term care facility and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Horizon NJ TotalCare (HMO D-SNP) member.
- This is in addition to the temporary supply during the first 90 days you are a member of Horizon NJ TotalCare (HMO D-SNP).

You may have changes that take you from one treatment setting to another. During this level of care change, drugs may be prescribed that are not covered by our plan. If this happens, you and your doctor must use our plan's exception and appeals processes. However, when you are admitted to, or discharged from, a long-term care setting, you may not have access to the drugs you were previously given. You may get a refill upon admission or discharge to prevent a gap in care.

---

### **B10. Can I ask for an exception to cover my drug?**

Yes. You can ask Horizon NJ TotalCare (HMO D-SNP) to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, Horizon NJ TotalCare (HMO D-SNP) may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

---

### **B11. How can I ask for an exception?**

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9 of the *Evidence of Coverage* to learn more about exceptions.

---

**If you have questions**, call Horizon NJ TotalCare (HMO D-SNP) Member Services at **1-855-457-1346**, (TTY **711**) 24 hours a day, seven days a week. The call is free. **For more information**, visit **[www.HorizonBlue.com/Medicare](http://www.HorizonBlue.com/Medicare)**.

---

## B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours.

- If you are requesting an exception, provide the “supporting statement.” Your doctor or other prescriber must give us the medical reasons for the drug exception you are requesting. (We call this the “supporting statement.”) Your doctor or other prescriber can fax or mail the statement to us. Or your doctor or other prescriber can tell us on the phone and follow up by faxing or mailing a written statement if necessary. We must accept any written request. The CMS Model Coverage Determination Request Form is available on our website at [www.HorizonBlue.com/Medicare](http://www.HorizonBlue.com/Medicare) to submit electronically by you or your doctor or someone you have authorized to act on your behalf.

- Long-Term Supply. We offer a way to get a long-term supply of “maintenance” drugs on our plan’s Drug List. (Maintenance drugs are drugs that you take on a regular basis, for a chronic or long-term medical condition.)

For more information about getting drugs through mail-order or long-term supply, call Member Services at the numbers listed at the bottom of this page.

---

**B17. What is my copayment?**

Horizon NJ TotalCare (HMO D-SNP) members have no copayments for prescription and over-the-counter (OTC) drugs and non-drug products as long as the member follows the plan’s rules. Refer to questions B14 and B15 for more information about OTC drugs and non-drug products.

Tiers are groups of drugs on our Drug List.

- Tier 1 Generic drugs have \$0 copayment.

## C1. List of Drugs by Drug Type

The drugs in this section are grouped into categories by type. For example, if you are taking a medicine for migraines, you should look in the “Analgesic” category. That is where you will find drugs that treat pain.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

1 = Single Tier

BD = Drugs that may be covered under Medicare Part B or Part D depending on the circumstance. These drugs require prior authorization to determine coverage under Part B or Part D. Information may need to be provided that describes the use or the place where the drug is received to determine coverage.

PA = Prior Authorization

QL = Quantity Limits

ST = Step Therapy

# = High Risk Medication (HRM). Medicine that may be unsafe in patients greater than 65 years of age. Our formulary does include coverage for some of these drugs if there are alternatives to these medications that

\* = Limited Distribution Drug. This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Member Services at **1-855-457-1346 (TTY 711)**, 24 hours a day, seven days a week.

< = This Medicare drug plan offers Paxlovid for \$0 through a patient assistance program.

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, *hydrochlorothiazide*), brand name drugs are capitalized (for example, AFINITOR), and OTC drugs and products are listed in lower case (for example, zinc tab). The information in the “Necessary actions, restrictions, or limits on use” column tells you if Horizon NJ TotalCare (HMO D-SNP) has any rules for covering your drug.
