Introduction

The KeyRx drug formulary contains covered drugs for a broad range of diseases. Our goal is to give members access to safe and effective prescription drugs at a reasonable cost.

The KeyRx drug formulary is organized into broad categories (e.g. anti-infective drugs). Within most categories, drugs are sub-grouped by drug class (e.g. penicillins) or by use for a specific medical condition (e.g. diabetes).

Members are encouraged to show this list to their physicians and pharmacists. Physicians are encouraged to prescribe drugs on this list, when right for the member. However, decisions regarding therapy and treatment are always between members and their physician.

Your pharmacy benefit plan may have benefit exclusions, resulting in some medicines shown on this list to be not covered. These are marked with a “B” on the drug list. Please refer to your member guide for detailed information regarding your pharmacy benefits, including your benefit design, out-of-pocket costs, prior review and restricted access medication requests and applicable exclusions. You may also call the number on the back of your member ID card.

How Drugs are Selected for Coverage and Tier Placement

Covered drugs on this list are selected and placed into tiers (refer to Member Prescription Benefit section) based on the recommendations of a Pharmacy and Therapeutics (P&T) Committee made up of physicians and pharmacists from throughout the country. The committee, which includes at least one representative from your health plan, reviews prescription drugs regulated by the U.S. Food and Drug Administration (FDA) based on safety, efficacy, and uniqueness. Once drugs are deemed appropriate for coverage, and safety and efficacy have been evaluated, cost may be considered to determine final tier placement and coverage requirements.

Drugs are reviewed by the P&T Committee when newly approved by the FDA and at least annually after initial review. Drug coverage is subject to change at any time but the drug list will be updated quarterly. There are many reasons why drug coverage or tier placement may change. Examples include:

- The tier level of a medication included on the medication list may increase (change to a higher tier or non-covered) when an FDA-approved bioequivalent generic medication becomes available
- Change in the cost of the medication and/or in the classification of the medication by the U.S. Food and Drug Administration (FDA) or nationally-recognized medication databases (e.g., Medispan)

Coverage is limited to prescription drugs approved by the Food and Drug Administration (FDA) as evidenced by a New Drug Application (NDA), Abbreviated New Drug Application (ANDA) or Biologics License Application (BLA) on file. Any legal requirements or group-specific benefits for coverage will supersede this (e.g. preventive drugs per the Affordable Care Act).

Newly marketed prescription drugs will not be covered until the P&T Committee has had an opportunity to review the drug to determine whether the drug will be covered and, if so, which tier will apply based on safety, efficacy and the availability of other products within that class of drugs. If your physician feels that a new drug is medically necessary prior to P&T Committee evaluation, a non-formulary exception request for coverage may be submitted.

Formulary Tiers

Tier placement of prescription medications in the KeyRx drug formulary may be determined by the effectiveness and safety of the medication, the cost of the medication, and /or the classification of the medications by the U.S. Food and Drug Administration (FDA) or nationally-recognized medication databases (e.g., Medispan). The plan design determines the member's payment obligation.

This BCBSMN KeyRx list shows prescription drug products in tiers. Each drug is placed into one of three member payment tiers: Tier 1, Tier 2, and Tier 3. Note: Depending on your benefit plan, drugs can either be in these tiers or you may have fewer tiers (e.g. all generics in one tier). To verify your payment amount for a drug, log in at myprime.com or call the number on the back of your member ID card.

Your pharmacy benefit plan may have benefit exclusions, resulting in some medicines shown on this list to be not covered. These are marked with a “B” on the drug list. Please refer to your member guide for detailed information regarding your pharmacy benefits, including your benefit design, out-of-pocket costs, prior review and restricted access medication requests and applicable exclusions. You may also call the number on the back of your member ID card.

Specialty Drugs: Some BCBSMN groups offer specific benefits for specialty drug products, which may include a specific cost share or network limitation. Please refer to your Certificate of Coverage and/or Schedule of Benefits to determine the specific quantities allowed under your group’s benefit. Specialty products are typically injectable drugs that can be self administered by a patient or family member and are used to treat serious or chronic medical conditions such as multiple sclerosis, hemophilia, hepatitis and rheumatoid arthritis.

Coverage considerations

Your pharmacy benefit includes coverage for many prescription drugs, although some exclusions may apply. For example, some pharmacy benefit plans do not cover medicines indicated for: cosmetic purposes (e.g., Propecia, for hair growth), infertility, anti-obesity, and erectile dysfunction.

Compounded medications: Your benefit plan may not provide coverage for compounded medications. Please see your plan materials or call the number on the back of your member ID card to determine whether compounded medications are covered and/or to verify your payment amount.

Injectable drugs

Self-administered injectable drugs are generally part of the pharmacy benefit and may be included on the formulary. Injectable drugs are processed according to member benefits.

Injectable drugs that are not considered self-injectable, or that need to be administered by a health care professional may be covered only under the member’s medical benefit.

Non FDA Approved- Drugs that have not received FDA approval are not covered.

Over-the-counter exclusions: Your benefit plan may not provide coverage for prescription medications that have an over-the-counter version or alternative. You should refer to your benefit plan material for details about your particular benefits.

Benefit programs

90dayRx

BCBSMN has an optional 90dayRx program. Members with this benefit may be able to receive up to a 90-day supply of drugs. In addition to being able to obtain up to a 90-day supply of drugs through our mail order pharmacy you may be able to receive up to a 90-day supply of drugs through a participating retail pharmacy. Please refer to your plan documents for complete coverage details.

Retail pharmacy vaccine program

BCBSMN has an optional vaccine pharmacy program for flu, pneumonia, shingles, diphtheria tetanus combinations, human papillomavirus (HPV) and meningitis vaccines. Members with this benefit can simply present their health plan member ID card when visiting a participating pharmacy. The cost share will be based on their pharmacy coverage for this benefit. Members can go to **MyPrime.com** to locate network pharmacies that administer approved vaccines for Blue Cross Blue Shield of Minnesota members.

Please note that age limitations, advance registration or other requirements may apply. The availability of each vaccine may vary by individual pharmacy or location. For your convenience, you may contact the pharmacy in advance if you have questions or to make sure these services are available at a particular location.

Affordable Care Act: Please note, some medications may have limited or \$0 cost-sharing under the Affordable Care Act (ACA). Examples of categories of medications that may be subject to limited or \$0 cost share include aspirin, breast cancer preventive, fluoride supplements, folic acid supplements, tobacco cessation, vaccines, vitamin D supplements and some contraceptive medications and devices.

For a complete listing of products covered at \$0, please refer to the ACA Preventive Drug List.

Specialty drugs

BCBSMN has a specialty pharmacy network. Members with this benefit must obtain their specialty drugs from an in-network specialty provider or they will pay 100 percent of the drug cost.

The specialty drug vendors and drugs covered by this specialty drug benefit are listed at bluecrossmn.com.

Managing Drug Usage

Remember, medication decisions are between you and your doctor. Only you and your doctor can determine which medication is right for you. Discuss any questions or concerns you have about medications you are taking or are prescribed with your doctor.

You, your prescribing health care provider, or your authorized representative, can ask for a Drug List coverage exception if your drug is not on (or is being removed from) the Drug List (also known as a formulary), or the drug required as part of a prior authorization, step therapy or quantity limits has been found to be (or likely to be) not right for you or does not work as well in treating your condition.

Steps on how a prescriber may request a Coverage Exception:

- A prescriber may obtain a *Minnesota Uniform Form for Prescription Drug Prior Authorization Request & Formulary Exceptions* online at providers.bluecrossmn.com in the Forms section. The prescriber can also obtain the form by calling provider services at **651.662.5200** or **1.800.262.0820**.
- Submit the completed request form to the following address or fax:

Prime Therapeutics
Clinical Review Department
1305 Corporate Center Drive
Eagan, MN 55121
Fax number: **1.877.480.8130**

Prior Authorization

Some drugs require prior authorization because of their high potential for misuse or overuse. Coverage may be approved after certain criteria are met. Approval is required for claims to process at network pharmacies. Policies regarding the covered uses of drugs and drug classes requiring prior authorization can be found at bluecrossmn.com. For more information, call the number on the back of your member ID card. Providers can call provider services at **651.662.5200** or toll free at **1.800.262.0820**.

For the medications listed in this document, if a prior authorization is commonly required, it will be noted next to the medication with a dot under the prior authorization column. There may be prior authorization requirements on additional medications beyond those noted in this document.

Steps on how a prescriber may request a Prior Authorization:

- For an easy way to submit prior authorization requests for your patients at no additional cost, consider using an electronic prior authorization tool, through CoverMyMeds®. CoverMyMeds is an online submission method for prescribers and pharmacists to submit prior authorization requests to our pharmacy benefit manager. It eliminates traditional paper forms and faxes and greatly reduces follow-up calls. To get started, go to CoverMyMeds.com and click on the link to **Create an Account**.
- Alternatively, a prescriber may obtain a *Minnesota Uniform Form for Prescription Drug Prior Authorization Request & Formulary Exceptions* online at **providers.bluecrossmn.com** in the Forms section. The prescriber can also obtain the form by calling provider services at **651.662.5200** or **1.800.262.0820**.
- Submit the completed request form along with relevant medical records to the following address or fax:
 Prime Therapeutics
 Clinical Review Department
 1305 Corporate Center Drive
 Eagan, MN 55121
 Fax number: **1.877.480.8130**

Step Therapy

Step therapy programs help manage the cost of expensive drugs by redirecting members to safe, effective and less expensive alternatives. Preferred and non-preferred drugs may be subject to step therapy. If a member does not meet the criteria in the automated review of the member's claims, their prescriber can submit a request for review.

For the medications listed in this document, if a step therapy is commonly required it will be noted next to the medication with a dot under the step therapy column.

- A prescriber may obtain a *Request for Prescription Drug Coverage Exception* request form online at **myprime.com** in the Forms section. The prescriber can also obtain the form by calling provider services at **651.662.5200** or **1.800.262.0820**.
- Submit the completed request form to the following address or fax:
 Prime Therapeutics
 Clinical Review Department
 1305 Corporate Center Drive
 Eagan, MN 55121
 Fax number: **1.877.480.8130**

Quantity Limits

Certain drugs have quantity limits to encourage appropriate drug usage, enhance drug therapy and reduce costs. The quantity limit is the maximum quantity that can be dispensed over a given period of time. Preferred and non-preferred drugs may have quantity limits. For the medications listed in this document, it will be noted next to the medication with a dot under the quantity limit column. Steps on how a prescriber may request a Quantity Limit exception:

- A prescriber may obtain a *Request for Prescription Drug Coverage Exception* request form online at **myprime.com** in the Forms section. The prescriber can also obtain the form by calling provider services at **651.662.5200** or **1.800.262.0820**.
- Submit the completed request form to the following address or fax:
 Prime Therapeutics
 Clinical Review Department
 1305 Corporate Center Drive
 Eagan, MN 55121
 Fax number: **1.877.480.8130**

How to use this list

The drug list is organized into broad categories (e.g., HORMONES, DIABETES AND RELATED DRUGS). Please use the drug search function to find current information for drugs on the medication list.

Generic drugs are shown in lower-case **boldface** type. Most generic drugs are followed by a reference brand drug in (parentheses). Some generic drugs have no reference brand.

Example: **atorvastatin** (Lipitor)

Brand drugs are listed in all CAPITAL letters.

Example: PROAIR HFA

The indicators in the columns to the right of the drug names displays information about whether that drug is a specialty drug, requires prior authorization, or is subject to a quantity limit or step therapy.

1. Drug Tier- Each drug is placed into one of three member payment tiers: Tier 1, Tier 2, or Tier 3.
2. Specialty- a dot present in this column indicates this is a specialty drug.
Note: Additional information about specialty drugs can be found in this document under the topic Benefit Programs.
3. Prior Authorization (PA)- Some drugs require prior authorization because of their high potential for misuse or overuse. Coverage may be approved after certain criteria are met. Approval is required for claims to process at network pharmacies. If an indicator is present in this column, then the PA program noted is applied to your benefit.
4. Quantity Limits (QL)- Certain drugs have quantity limits to encourage appropriate drug usage, enhance drug therapy and reduce costs. The quantity limit is the maximum quantity that can be dispensed over a given period of time. If an indicator is present in this column, then the QL program noted is applied to your benefit.
5. Step Therapy (ST)- Step therapy programs help manage the cost of expensive drugs by redirecting members to safe, effective and less expensive alternatives. If an indicator is present in this column, then the ST program noted is applied to your benefit.

NOTICE OF NONDISCRIMINATION PRACTICES
Effective July 18, 2016

Blue Cross and Blue Shield of Minnesota and Blue Plus (Blue Cross) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or gender. Blue Cross does not exclude people or treat them differently because of race, color, national origin, age, disability, or gender.

Blue Cross provides resources to access information in alternative formats and languages:

- Auxiliary aids and services, such as qualified interpreters and written information available in other formats, are available free of charge to people with disabilities to assist in communicating with us.
- Language services, such as qualified interpreters and information written in other languages, are available free of charge to people whose primary language is not English.

If you need these services, contact us at 1-800-382-2000 or by using the telephone number on the back of your member identification card. TTY users call 711.

If you believe that Blue Cross has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or gender, you can file a grievance with the Nondiscrimination Civil Rights Coordinator

- by email at: Civil.Rights.Coord@bluecrossmn.com
- by mail at: Nondiscrimination Civil Rights Coordinator
Blue Cross and Blue Shield of Minnesota and Blue Plus
M495
PO Box 64560
Eagan, MN 55164-0560
- or by phone at: 1-800-509-5312

Grievance forms are available by contacting us at the contacts listed above, by calling 1-800-382-2000 or by using the telephone number on the back of your member identification card. TTY users call 711. If you need help filing a grievance, assistance is available by contacting us at the numbers listed above.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights

- electronically through the Office for Civil Rights Complaint Portal, available at: <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>
- by phone at:
1-800-368-1019 or 1-800-537-7697 (TDD)
- or by mail at:
U.S. Department of Health and Human Services
200 Independence Avenue SW
Room 509F
HHH Building
Washington, DC 20201

Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>.

WIDE-SEAL SILICONE DIAPHR -diaphragm wide seal 70 mm.....	87	XYNTHA -antihemophilic factor recombinant paf for inj kit 250 unit.....	77
WIDE-SEAL SILICONE DIAPHR -diaphragm wide seal 75 mm.....	87	XYNTHA -antihemophilic factor recombinant paf for inj kit 500 unit.....	77
WIDE-SEAL SILICONE DIAPHR -diaphragm wide seal 80 mm.....	87	XYNTHA -antihemophilic factor recombinant paf for inj kit 1000 unit.....	77
WIDE-SEAL SILICONE DIAPHR -diaphragm wide seal 85 mm.....	87		
WIDE-SEAL SILICONE DIAPHR -diaphragm wide seal 90 mm.....	87		
WIDE-SEAL SILICONE DIAPHR -diaphragm wide seal 95 mm.....	87		

XYNTHA -antihemophilic factor recombinant paf for inj kit 2000 unit.....	77	ZITHROMAX -azithromycin powd pack for susp 1 gm.....	2
XYNTHA SOLOFUSE -antihemophilic factor recombinant paf for inj kit 250 unit.....	77	ZMAX -azithromycin extended release for oral susp 2 gm.....	2
XYNTHA SOLOFUSE -antihemophilic factor recombinant paf for inj kit 500 unit.....	77	ZOLINZA -vorinostat cap 100 mg.....	14
XYNTHA SOLOFUSE -antihemophilic factor recombinant paf for inj kit 1000 unit.....	77	zolmitriptan orally disintegrating tab 2.5 mg (Zomig zmt).....	62
XYNTHA SOLOFUSE -antihemophilic factor recombinant paf for inj kit 2000 unit.....	77	zolmitriptan orally disintegrating tab 5 mg (Zomig zmt).....	62
XYNTHA SOLOFUSE -antihemophilic factor recombinant paf for inj kit 3000 unit.....	77	zolmitriptan tab 2.5 mg (Zomig).....	62
XYREM -sodium oxybate oral solution 500 mg/ml.....	56	zolmitriptan tab 5 mg (Zomig).....	62
Y		zolpidem tartrate sl tab 1.75 mg (Intermezzo).....	51
Z		zolpidem tartrate sl tab 3.5 mg (Intermezzo).....	51
zafirlukast tab 10 mg (Accolate).....	40	zolpidem tartrate tab er 6.25 mg (Ambien cr).....	51
zafirlukast tab 20 mg (Accolate).....	40	zolpidem tartrate tab er 12.5 mg (Ambien cr).....	51
zaleplon cap 5 mg (Sonata).....	51	zolpidem tartrate tab 5 mg (Ambien).....	51
zaleplon cap 10 mg (Sonata).....	51	zolpidem tartrate tab 10 mg (Ambien).....	51
ZARONTIN -ethosuximide cap 250 mg.....	66	zonisamide cap 50 mg.....	66
ZARONTIN -ethosuximide soln 250 mg/5ml.....	66	zonisamide cap 25 mg (Zonegran).....	66
ZARXIO -filgrastim-sndz soln prefilled syringe 300 mcg/0.5ml.....	71	zonisamide cap 100 mg (Zonegran).....	66
ZARXIO -filgrastim-sndz soln prefilled syringe 480 mcg/0.8ml.....	71	ZONTIVITY -vorapaxar sulfate tab 2.08 mg (base equivalent).....	77
ZAVESCA -miglustat cap 100 mg.....	71	ZORTRESS -everolimus tab 0.25 mg.....	88
ZEJULA -niraparib tosylate cap 100 mg (base equivalent).....	14	ZORTRESS -everolimus tab 0.5 mg.....	88
ZELAPAR -selegiline hcl orally disintegrating tab 1.25 mg.....	67	ZORTRESS -everolimus tab 0.75 mg.....	88
ZELBORAF -vemurafenib tab 240 mg.....	14	ZOSTAVAX -zoster vaccine live for subcutaneous susp 19400 unit/0.65ml.....	10
ZENPEP -pancrelipase (lip-prot-amyl) dr cap 3000-10000-16000 unit.....	42	Z-TUSS AC -chlorpheniramine w/ codeine liquid 2-9 mg/5ml.....	38
ZENPEP -pancrelipase (lip-prot-amyl) dr cap 5000-17000-27000 unit.....	42	ZYDELIG -idelalisib tab 100 mg.....	14
ZENPEP -pancrelipase (lip-prot-amyl) dr cap 10000-34000-55000 unit.....	42	ZYDELIG -idelalisib tab 150 mg.....	14
ZENPEP -pancrelipase (lip-prot-amyl) dr cap 15000-51000-82000 unit.....	42	ZYKADIA -ceritinib cap 150 mg.....	14
ZENPEP -pancrelipase (lip-prot-amyl) dr cap 20000-68000-109000 unit.....	42	ZYTIGA -abiraterone acetate tab 250 mg.....	14
ZENPEP -pancrelipase (lip-prot-amyl) dr cap 25000-85000-136000 unit.....	42	ZYTIGA -abiraterone acetate tab 500 mg.....	14
ZENPEP -pancrelipase (lip-prot-amyl) dr cap 40000-136000-218000 unit.....	42		
ZERIT -stavudine for oral soln 1 mg/ml.....	7		
ZETIA -ezetimibe tab 10 mg.....	35		
ZIAGEN -abacavir sulfate soln 20 mg/ml (base equiv).....	7		
zidovudine cap 100 mg (Retrovir).....	7		
zidovudine syrup 10 mg/ml (Retrovir).....	7		
zidovudine tab 300 mg.....	7		
ziprasidone hcl cap 20 mg (Geodon).....	51		
ziprasidone hcl cap 40 mg (Geodon).....	51		
ziprasidone hcl cap 60 mg (Geodon).....	51		
ziprasidone hcl cap 80 mg (Geodon).....	51
