Introduction

Blue Cross and Blue Shield of Minnesota and Blue Plus are pleased to present the BCBSMN BasicRx Individual (Non-Grandfathered) drug formulary (drug list). Our goal is to give members access to safe and cost-effective prescription drugs by maximizing the use of generic drugs. Brand name drugs are typically included on the BCBSMN BasicRx Individual (Non-Grandfathered) formulary only when a generic drug is not available to treat a specific medical condition or when the brand name drug offers an advantage over generic drugs.

This BCBSMN BasicRx Individual (Non-Grandfathered) list shows prescription drug products in tiers. Each drug is placed into one of three member payment tiers: Generic (Tier 1), Brand (Tier 2), and Specialty (Tier 3). Blue Cross may choose to not add a drug to formulary for reasons including safety or effectiveness, or because a similar, more cost-effective drug is already on the formulary. New drugs are not covered until reviewed and approved for inclusion by the Pharmacy and Therapeutics (P&T) Committee and Coverage Committee.

Blue Cross encourages providers to prescribe preferred drugs.

Your pharmacy benefit includes coverage for many prescription drugs, although some exclusions may apply. Generally, if a drug is not listed on the formulary it is not covered. For example, certain topical androgens, e.g. Testim, are not covered. Drugs that are not FDA-approved for self administration may be available through your medical benefit.

There are various types of pharmacy benefit programs. To understand which program you have, please refer to your Benefit Booklet, Certificate of Coverage, Contract, Member Handbook or prescription drug endorsement or call the number on your member ID card for more information.

Pharmacy and Therapeutics (P&T) Committee and Coverage Committee

The Blue Cross Coverage Committee selects drugs for this formulary based on recommendations of an independent Pharmacy and Therapeutics (P&T) Committee that includes practicing physicians and pharmacists. Decisions to add or remove drugs from the BCBSMN BasicRx Individual (Non-Grandfathered) formulary are based on the drug's safety, effectiveness, uniqueness, and cost. The P&T Committee and Coverage Committee meet at least quarterly. All drugs are reviewed each year as required by the National Committee on Quality Assurance (NCQA) standards.

You can find recent changes and the current version of the formulary at bluecrossmn.com.

Formulary guidelines

The requirement of P&T and Coverage Committee review is a precondition of Blue Cross coverage and:

- Applies in addition to all other conditions and terms stated in Blue Cross contracts and stated herein; and
- Applies to medications and medical devices when administered in any manner that is approved by the U. S. Food and Drug Administration (FDA); and
- Applies to approved medications legally prescribed and select medical devices legally used when administered in any manner that is not mentioned in the labeling approved by the FDA (referred to as an “off-label” use). Use of a medication or medical device for an indication, dosage form, dose regimen, population, or other use parameter not mentioned in the approved labeling is considered to be an “off-label” use.

These guidelines in no way imply that members should not receive specific services based on the recommendation of the provider. These guidelines govern coverage and not clinical practices. Providers are responsible for giving medical advice and treating members. Members with specific health care needs should consult an appropriate health care provider.

Members and providers have the right to appeal coverage decisions. These rights are explained in member and provider plan documents. Members with questions about appeal rights should call customer service at the number on the back of their member ID card. Providers can call provider services at **651.662.5200** or toll free at **1.800.262.0820**.

This information is not an offer of coverage, solicitation of coverage, summary of coverage or guarantee of coverage. All products and coverage guidelines are subject to applicable laws and regulations. Member or provider coverage is contingent on all the applicable terms, conditions, limitations and exclusions of member or provider plan documents

Formulary addition request

Any health care provider may request in writing that the Blue Cross Coverage Committee consider adding or deleting a drug from the formulary. All formulary requests are brought before the Coverage Committee.

Generic drugs

Blue Cross encourages use of generic drugs as a way to provide high-quality, cost-effective care. Generic drugs are safe, effective and they may cost less than brand name drugs. Members will likely pay a lower copayment or coinsurance for a generic drug.

Frequently asked questions about generics

Are generics as good as brand name drugs?

Both brand name and generic drugs must be approved by the FDA. Generic drugs meet the same high standards as brand name drugs.

Why should I take generics rather than brand name drugs?

We must all do our part to make health care affordable. One way is to be wise consumers of drugs. Generics provide the same effectiveness and safety as their brand name counterparts, but are often lower in cost. This typically occurs when competition among several manufacturers who produce the generic drug, results in lower prices for it. Lower costs generally mean lower copayments for members. Generics also save money for your health plan, so it can help keep insurance premiums as low as possible.

How can I take advantage of lower-cost generics?

Ask your pharmacist for a generic whenever available. Also, talk with your doctor or other provider about prescribing generic drugs. Most drug classes include some generic drugs.

How to use this list

The drug list is organized into broad categories (e.g., HORMONES, DIABETES AND RELATED DRUGS). Please use the drug search function to find current information for drugs on the medication list. Generic drugs are shown in lower-case **boldface** type. Most generic drugs are followed by a reference brand drug in (parentheses). Some generic drugs have no reference brand.

Example: **imatinib** (Gleevec)

Brand drugs are shown in capital letters followed by the generic name.

Example: JANUVIA- sitagliptin

The indicators in the columns to the right of the drug names displays information about whether that drug is a specialty drug, requires prior authorization, quantity limits, step therapy, or is available at \$0 cost share for eligible members.

1. Drug Tier- Each drug is placed into one of three member payment tiers: Generic (Tier 1), Brand (Tier 2), and Specialty (Tier 3).
2. Specialty- a dot present in this column indicates this is a specialty drug.

Note: Additional information about specialty drugs can be found in this document under the topic Benefit Programs.

3. Prior Authorization (PA)- Some drugs require prior authorization because of their high potential for misuse or overuse. Coverage may be approved after certain criteria are met. Approval is required for claims to process at network pharmacies. If an indicator is present in this column, then the PA program noted is applied to your benefit.
4. Quantity Limits (QL)- Certain drugs have quantity limits to encourage appropriate drug usage, enhance drug therapy and reduce costs. The quantity limit is the maximum quantity that can be dispensed over a given period of time. If an indicator is present in this column, then the QL program noted is applied to your benefit.
5. Step Therapy (ST)- Step therapy programs help manage the cost of expensive drugs by redirecting members to safe, effective and less expensive alternatives. If an indicator is present in this column, then the ST program noted is applied to your benefit.
6. ACA Preventive: Medicines marked in the ACA column are applicable to the Affordable Care Act coverage of preventive services. These products are covered at zero dollar cost share, when meeting the conditions outlined under the regulation. Examples of categories that may be subject to \$0 cost share include aspirin, bowel preparation for colonoscopy, breast cancer preventive, FDA approved contraceptive methods, fluoride supplements, folic acid supplements, iron supplements, tobacco cessation, and vitamin D supplements. Call the customer service number on the back of your ID card to find out if the drug is available over-the-counter or is covered under your medical benefit.

Compounded prescriptions

Compounded prescriptions contain two or more drugs mixed together.. The ingredients must be FDA-approved prescription drugs. Compounded prescriptions are processed according to member benefits.

Injectable drugs

Self-administered injectable drugs are generally part of the pharmacy benefit and may be included on the formulary. Injectable drugs are processed according to the member's benefits.

Injectable drugs that are not considered self-injectable, or that need to be administered by a health care professional may be covered only under the member's medical benefit.

Benefit programs

90dayRx

Blue Cross has an optional 90dayRx program. Members with this benefit may be able to receive up to a 90-day supply of drugs. In addition to being able to obtain up to a 90-day supply of drugs through our mail order pharmacy you may be able to receive up to a 90-day supply of drugs through a participating retail pharmacy. Please refer to your plan documents for complete coverage details.

Retail pharmacy vaccine program

Blue Cross has an optional vaccine pharmacy program for flu, pneumonia, shingles, diphtheria tetanus combinations, human papillomavirus (HPV), and meningitis vaccines. Members with this benefit can simply present their health plan member ID card when visiting a participating pharmacy. The cost share will be based on their pharmacy coverage for this benefit. Members can go to **MyPrime.com** to locate network pharmacies that administer approved vaccines for Blue Cross Blue Shield of Minnesota members.

Please note that age limitations, advance registration or other requirements may apply. The availability of each vaccine may vary by individual pharmacy or location. For your convenience, you may contact the pharmacy in advance if you have questions or to make sure these services are available at a particular location.

Specialty drugs

Blue Cross has a specialty pharmacy network. Members with this benefit must obtain their specialty drugs from an in-network specialty provider or they will pay 100 percent of the drug cost.

The specialty drug vendors and drugs covered by this specialty drug benefit are listed at **bluecrossmn.com**.

Affordable Care Act Bowel Prep for Colonoscopy

Select bowel preparation drugs will be covered without cost share, in accordance with each member's specific benefit plan. This Bowel Prep Colonoscopy benefit will take effect July 2016.

Affordable Care Act Contraceptives

Select contraceptives will be covered without cost share for women in accordance with each member's specific benefit plan. The following select contraceptive medications will be available at \$0 cost to eligible members:

- Barrier Method Types
 - > Cervical Caps
 - > Diaphragms
 - > Female Condom
 - > Spermicide
 - > Sponge
- Selected emergency Contraceptives
- Selected Injectables
- Hormonal Methods
 - > NUVARING
 - > Selected oral combination triphasic contraceptives
 - > Selected oral extended cycle/continuous use contraceptives
 - > Selected oral progestin contraceptives
 - > Patch

For a specific list of contraceptives covered without cost share for eligible members, go to the Forms section under myprime.com.

Affordable Care Act OTC Products

Select OTC products will be covered without cost share in accordance with each member's specific benefit plan. The following select OTC supplement will be available at \$0 cost to eligible members with a prescription.

- Aspirin 81 mg
- Folic acid- containing 0.4-0.8 mg
- Fluoride- for preschool children ages 6 months-5 years
- Iron- children ages 6-12 months and women ages 12-64
- Vitamin D- adults ages 65 and older

Affordable Care Act Tobacco Cessation

Select tobacco cessation will be covered without cost share in accordance with each member's specific benefit plan. The following select tobacco cessation will be available at \$0 cost to eligible members with a prescription.

- **bupropion ext-release** (Zyban)
- CHANTIX
- **nicotine gum, lozenge, kit, patch**
- NICOTROL NS
- NICOTROL Inhaler

Affordable Care Act Breast Cancer Preventive Drugs

Select Breast Cancer drugs when prescribed for prevention of breast cancer for men and women at elevated risk will be covered without cost share in accordance with each member's specific benefit plan. The following select Breast Cancer drugs will be available at \$0 cost to eligible members with a prescription.

- **tamoxifen**, for ages 35 and older
- **raloxifene**, for ages 35 and older

Managing drug usage

You, your prescribing health care provider, or your authorized representative, can ask for a Drug List coverage exception if your drug is not on (or is being removed from) the Drug List (also known as a formulary), or the drug required as part of a prior authorization, step therapy or quantity limits has been found to be (or likely to be) not right for you or does not work as well in treating your condition.

Steps on how a prescriber may request a Coverage Exception:

- A prescriber may obtain a *Minnesota Uniform Form for Prescription Drug Prior Authorization Request & Formulary Exceptions* online at **providers.bluecrossmn.com** in the Forms section. The prescriber can also obtain the form by calling provider services at **651.662.5200** or **1.800.262.0820**.
- Submit the completed request form to the following address or fax:
Prime Therapeutics
Clinical Review Department
1305 Corporate Center Drive
Eagan, MN 55121
Fax number: **1.877.480.8130**

Prior Authorization

Some drugs require prior authorization because of their high potential for misuse or overuse. Coverage may be approved after certain criteria are met. Approval is required for claims to process at network pharmacies. Policies regarding the covered uses of drugs and drug classes requiring prior authorization can be found at **bluecrossmn.com**. For more information, call the number on the back of your member ID card. Providers can call provider services at **651.662.5200** or toll free at **1.800.262.0820**.

For the medications listed in this document, if a prior authorization is commonly required, it will generally be noted next to the medication with a dot under the prior authorization column. There may be prior authorization requirements on additional medications beyond those noted in this document.

Steps on how a prescriber may request a Prior Authorization:

- For an easy way to submit PA requests for your patients at no additional cost, consider using an electronic prior authorization tool, through CoverMyMeds®. CoverMyMeds is an online submission method for doctors and pharmacists to submit PA requests to our pharmacy benefit manager. It eliminates traditional paper forms and faxes and greatly reduces follow-up calls. To get started, go to CoverMyMeds.com and click on the link to **Create an Account**.
- Alternatively, a prescriber may obtain a *Minnesota Uniform Form for Prescription Drug Prior Authorization Request & Formulary Exceptions* online at **providers.bluecrossmn.com** in the Forms section. The prescriber can also obtain the form by calling provider services at **651.662.5200** or **1.800.262.0820**.
- Submit the completed request form along with relevant medical records to the following address or fax:
Prime Therapeutics
Clinical Review Department
1305 Corporate Center Drive
Eagan, MN 55121
Fax number: **1.877.480.8130**

Step Therapy

Step therapy programs help manage the cost of expensive drugs by redirecting members to safe, effective and less expensive alternatives. Selected drugs may be subject to step therapy. If a member does not meet the criteria in the automated review of the member's claims, their doctor can submit a request for review.

For the medications listed in this document, if a step therapy is commonly required it will generally be noted next to the medication with a dot under the step therapy column. There may be step therapy programs on additional medications beyond those noted in this document.

- A prescriber may obtain a *Request for Prescription Drug Coverage Exception* request form online at **myprime.com** in the Forms section. The prescriber can also obtain the form by calling provider services at **651.662.5200** or **1.800.262.0820**.
- Submit the completed request form to the following address or fax:
Prime Therapeutics
Clinical Review Department
1305 Corporate Center Drive
Eagan, MN 55121
Fax number: **1.877.480.8130**

Quantity Limits

Certain drugs have quantity limits to encourage appropriate drug usage, enhance drug therapy and reduce costs. The quantity limit is the maximum quantity that can be dispensed over a given period of time. For the medications listed in this document, it will generally be noted next to the medication with a dot under the quantity limit column. There may be quantity limit programs on additional medications beyond those noted in this document.

- Steps on how a prescriber may request a Quantity Limit exception:
- A prescriber may obtain a *Request for Prescription Drug Coverage Exception* request form online at **myprime.com** in the Forms section. The prescriber can also obtain the form by calling provider services at **651.662.5200** or **1.800.262.0820**.
- Submit the completed request form to the following address or fax:
Prime Therapeutics
Clinical Review Department
1305 Corporate Center Drive
Eagan, MN 55121
Fax number: **1.877.480.8130**

NOTICE OF NONDISCRIMINATION PRACTICES
Effective July 18, 2016

Blue Cross and Blue Shield of Minnesota and Blue Plus (Blue Cross) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or gender. Blue Cross does not exclude people or treat them differently because of race, color, national origin, age, disability, or gender.

Blue Cross provides resources to access information in alternative formats and languages:

- Auxiliary aids and services, such as qualified interpreters and written information available in other formats, are available free of charge to people with disabilities to assist in communicating with us.
- Language services, such as qualified interpreters and information written in other languages, are available free of charge to people whose primary language is not English.

If you need these services, contact us at 1-800-382-2000 or by using the telephone number on the back of your member identification card. TTY users call 711.

If you believe that Blue Cross has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or gender, you can file a grievance with the Nondiscrimination Civil Rights Coordinator

- by email at: Civil.Rights.Coord@bluecrossmn.com
- by mail at: Nondiscrimination Civil Rights Coordinator
Blue Cross and Blue Shield of Minnesota and Blue Plus
M495
PO Box 64560
Eagan, MN 55164-0560
- or by phone at: 1-800-509-5312

Grievance forms are available by contacting us at the contacts listed above, by calling 1-800-382-2000 or by using the telephone number on the back of your member identification card. TTY users call 711. If you need help filing a grievance, assistance is available by contacting us at the numbers listed above.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights

- electronically through the Office for Civil Rights Complaint Portal, available at: <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>
- by phone at:
