Blue Cross and Blue Shield of Kansas is an independent licensee of the Blue Cross Blue Shield Association. BLUE CROSS®, BLUE SHIELD® and the Cross and Shield Symbols are registered service marks of the Blue Cross Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans. AllianceRx Walgreens Prime provides pharmacy benefits and is not affiliated with Blue Cross and Blue Shield of Kansas.

National Select Formulary

Your prescription drug benefit includes a list of medications called a formulary. Doctors and pharmacists dedicated to providing patients with high-quality, cost-effective prescription drug therapy reviewed and approved this formulary. All medications were selected after considering safety, effectiveness, uniqueness and cost.

Medications on this list are formulary drugs. Drugs not listed are non-formulary (NF). **Coverage of formulary and NF drugs are subject to your plan's benefit design.** Formulary brand drugs sold by a repackager will require a non-formulary copay.

Always remember to ask your physician to prescribe a generic medication whenever appropriate. Generic drugs are covered at the lowest copay and are displayed in lowercase font. Formulary brand drugs are covered at the next highest co-pay tier and are listed in uppercase font. Non-formulary brand drugs are either covered at the highest copay tier or excluded from coverage. To encourage the use of generic drugs, brand formulary drugs usually become NF after a generic version becomes available.

Specialty Prescription Drugs

Certain medical conditions may require the use of a "Specialty Drug." These drugs typically meet one or more of the following characteristics:

- High cost due to treatment of complex conditions
- Self-injected, inhaled or taken orally
- Special handling or storage
- Strict compliance and patient support
- Additional education and support required from a health care professional
- Usually not stocked at retail pharmacies
- May only be available through limited distribution arrangements

For the most current list of specialty drugs visit www.bcbsks.com.

Your prescription drug benefit may require you to use AllianceRx Walgreens Prime to be eligible for benefits. If you have questions about your specialty pharmacy benefit, please call the phone number on the back of your ID card.

AllianceRx Walgreens Prime

Through AllianceRx Walgreens Prime, medications and supplies will be delivered to you or to your doctor's office. In addition, you will also receive at no additional charge the following services:

- Coordination of coverage between you, your doctor and Blue Cross and Blue Shield of Kansas (BCBSKS)
- Care management programs to help improve your health outcomes and satisfaction
- Access to a clinical nurse or pharmacist for urgent medication needs 24 hours per day, 7 days a week, 365 days a year
- Medication supplies such as syringes and disposal containers
- Education and guidance from experienced pharmacists, nurses, member care coordinators and insurance specialists who understand these complex health conditions and the medications used to treat them

To order through AllianceRx Walgreens Prime:

- Have your doctor call or fax your prescription to AllianceRx Walgreens Prime at 877.627.MEDS (6337) or fax to 877.828.3939
- If your plan includes a specialty pharmacy program through AllianceRx Walgreens Prime and you have an existing prescription for a specialty medication, call 877.627.MEDS (6337) to transfer your prescription.
- A coordinator will contact you to arrange delivery of your medication.

If you have questions, please contact AllianceRx Walgreens Prime at 877.627.MEDS (6337) or call the Customer Service number on the back of your ID card.

Affordable Care Act

Please note, some drugs may have limited or \$0 cost-sharing under the Affordable Care Act; examples of categories of drugs that may be subject to limited or \$0 cost share include aspirin, fluoride supplements, folic acid supplements, iron supplements, tobacco cessation, breast cancer prevention, oral generic contraceptive drugs and some contraceptive devices. If you do not find the drug you are searching for, contact BCBSKS to find out if the drug is available over the counter or is covered under your medical benefit.

Excluded Drugs

A list of drugs excluded from coverage may be found at [Excluded Drugs](#) or by visiting www.bcbsks.com

Utilization Management

BCBSKS applies utilization management (UM) programs to help ensure the appropriate use and application of a patient's drug therapy. Detailed program criteria and prior authorization forms are available:

Prior authorization forms: https://www.bcbsks.com/CustomService/Providers/MedicalReview/pre-cert_pre-auth.shtml

Medical policy: <https://www.bcbsks.com/CustomService/Providers/MedicalPolicies/policies.shtml>

Quantity Limits

Drug quantity limits help encourage medication use as intended by the FDA. Quantity limits are placed on medications in certain drug categories. For the medications listed in this document, if a quantity limit applies, it will be noted next to the medication with a dot under the quantity limits column.

A list of medications subject to quantity limits may be found at Quantity Limit List or by visiting www.bcbsks.com

Limits may include: quantity of covered medication per prescription and/or quantity of covered medication in a given time period. If your doctor prescribes a greater quantity of medication than what the quantity limit allows, you can still get the medication. However, you will be responsible for the full cost of the prescription beyond what your coverage allows.

There may also be limits for members within a certain age range.

Prior Authorization

A list of non-formulary drugs that require prior authorization may be found at https://www.myprime.com/content/dam/prime/memberportal/forms/2019/FullyQualified/Other/ALL/BCBSKS/COM/MERCIAL/KSPREFDRUG/KS_NonFormulary_PA.pdf or by visiting www.bcbsks.com.

How To Use This List

This list is organized into broad therapeutic categories. For example, Respiratory Agents is a broad category. Within most categories, drugs are sub-grouped based upon drug class, for example under Respiratory Agents you will find Antihistamines. All drugs listed, whether generic or brand, are formulary drugs. The graphic below shows the information that is provided in each column of the medication list and is an example only. Please use the drug search function to find current information for drugs on the medication list.

1 The first column of the chart lists the drug name. Generic drugs are shown in lower-case **boldface** type. Most generic drugs are followed by a reference brand drug in (parentheses). Some generic products have no reference brand.

Brand prescription drugs are shown in capital letters followed by the generic name.

2 The second column indicates if the drug is a specialty drug. **Note:** Additional information about specialty drugs can be found in this document under the header for Specialty Drugs.

3 The remaining columns indicate the Utilization Management (UM) program(s) that apply to the prescription drug (e.g., Prior Authorization and Quantity Limits). If an indicator is present in the column(s), then the UM program noted is possibly applied to your benefit. Some plans may have UM on additional medications beyond those noted in this document.
