

Prior Authorization Program Information

October 2020

Drugs included in our Prior Authorization program are reviewed based on medical necessity criteria for coverage. Drugs with step therapy requirements may be covered if a prior health plan paid for the drug – documentation of a paid claim may be required.

Newly marketed prescription drugs may not be covered until our Pharmacy & Therapeutics Committee has had an opportunity to review the new drug to determine if it will be covered and if so, at which tier based on safety, efficacy, and the availability of other products within that class of medications. A current list of newly marketed drugs can be found on our [New to Market Drug List](#).

For retail pharmacy drugs, Truli prefers electronic Prior Authorization (ePA) requests through [CoverMyMeds](#) – a free ePA service that allows prescribers to submit and check the status of a PA request electronically. Alternatively, [standard fax authorization forms](#) are also available.

Unless otherwise noted, specialty drugs must be filled at **CVS Specialty Pharmacy** and should be requested using [CVS Specialty Enrollment Forms](#) to begin the PA process. These should not be requested through CoverMyMeds or fax authorization form. For specialty drugs obtained from another source, please call 1-800-955-5692.

Important:

- Prior Authorization requirements may vary. Certain drugs may not be covered by all plans.
- Refer to the member benefit contract for inclusion in the Prior Authorization program and medication guide for determination of coverage.
- Member cost share may be higher for self-administered specialty drugs not obtained at an in-network specialty pharmacy.
- If you are a provider enrolled in our Provider-Administered Drug Program (PADP) and wish to buy and bill a drug on this list, please refer to the [PADP section](#) of our online Provider Manual for a current list of drugs included.
- If you have questions or need further assistance after consulting this table, call our Provider Contact Center or the number on the back of your insurance card.

Therapeutic category	Drugs included in PA program	CoverMyMeds or fax form	CVS Specialty form	Call Truli 1-800-955-5692
Alternate PA Program	All drugs rejecting with “alternate PA program” message (program summary here)	●		
Antifungals	Albenza, Cresemba, Emverm, Ertaczo, Exelderm, Jublia, Kerydin, Noxafil, Onmel, Oxistat, Sporanox (itraconazole), Terbinox, Vfend (voriconazole)	●		
Allergy	Grastek, Oralair, Odactra, Ragwitek	●
