Provider-Administered Specialty Pharmacy Drug Management List

Definition of specialty medications: Specialty medications are generally prescribed for people with complex or ongoing medical conditions such as multiple sclerosis, hemophilia, hepatitis C and rheumatoid arthritis. These high cost medications also have one or more of the following characteristics: injected or infused, but some may be taken by mouth; unique storage or shipment requirements; additional education and support required from a health care professional; and usually not stocked at retail pharmacies.

Note: In order for a member to receive in-network benefits for the following specialty drugs, the specialty pharmacy filing the claim must contract with the Blue Cross and Blue Shield Plan where the provider is located. In-network specialty pharmacies are:

Accredo Health Group, Inc. (1-888-608-9010), CVS/Caremark (1-800-237-2767) and AllianceRx Walgreens Prime (1-877-627-6337).

Key:
- (PA) Requires Prior Authorization
- • Drug must be obtained and billed in an in-network medical specialty pharmacy

*Limited distribution

Limited distribution drugs are medications that may have special dosing requirements or lab monitoring that need to be followed very closely. Because of this, the manufacturer or Food and Drug Administration sometimes chooses to limit the distribution of their drug to only a few pharmacies.

This list is subject to change without notice.

AllianceRx Walgreens Prime is a separate and independent central specialty and home delivery pharmacy that provides services to eligible Blue Cross and Blue Shield members. Neither this Specialty Pharmacy Drug Management Listnor the successful adjudication of a pharmacy claim, is guarantee of payment. Prime Therapeutics LLC is an independent company providing pharmacy benefit management and specialty pharmacy services for eligible Blue Cross and Blue Shield members. Prime Therapeutics has an ownership interest in AllianceRx Walgreens Prime. Each Blue Cross and Blue Shield Plan is an independent licensee of the Blue Cross and Blue Shield Association.
