Prime Therapeutics LLC (Prime) is an independent company that manages pharmacy benefits for Blue Cross Blue Shield of Wyoming members

Introduction

The Blue Cross Blue Shield of Wyoming (BCBSWY) BlueSelect Prescription Drug List includes covered drugs for a broad range of diseases. If a medication is not listed on this BlueSelect Prescription Drug List, it is NOT COVERED.

Generic drugs are shown in lower-case **boldface** type. Most generic drugs are followed by a reference brand drug in (parentheses). Some generic products have no reference brand.

Brand prescription drugs are shown in capital letters followed by the generic name.

The BCBSWY BlueSelect Prescription Drug List is organized into broad categories (e.g. Anti-Infective drugs). Within most categories, drugs are sub-grouped by drug class (e.g. Penicillins) or by use for a specific medical condition (e.g. Diabetes).

Members are encouraged to show this list to their physicians and pharmacists. Physicians are encouraged to prescribe generic and preferred drugs on this list, when right for the member; however, decisions regarding therapy and treatment are always between members and their physician.

Online pharmacy tools are available through the Prime Therapeutics website at www.MyPrime.com. BCBSWY members can find drug cost estimates or check if a particular drug is on the BCBSWY drug list.

How preferred drugs are selected

Preferred drugs on this list are selected based on the recommendations of a committee made up of physicians and pharmacists from throughout the country. The committee, which includes at least one representative from your health plan, reviews drugs regulated by the U.S. Food and Drug Administration (FDA).

Drugs that are newly approved by the FDA as well as those that have been on the market for some time are considered. Drugs are selected based on safety, efficacy, cost and how they compare to other drugs currently on the list.

Coverage considerations

Most BCBSWY prescription drug benefit plans provide coverage for up to a 30-day supply of new or "as needed" medications, and up to a 90-day supply of maintenance medications. Maintenance medications are those drugs taken on an ongoing basis for conditions such as high blood pressure, diabetes or high cholesterol. Some plans may exclude coverage for certain agents or drug categories. You should refer to your benefit plan booklet for details about your particular benefits.

Tiers

This prescription benefit is multi-tiered, placing prescription drugs into one of three copay/coinsurance levels:

- Generic drugs (Tier 1)
- Preferred Brand drugs (Tier 2)
- Non-Preferred Brand drugs (Tier 3)
- Specialty drugs (Tier 4)

Note: If a drug displays an "A" in the Drug Tier column, this indicates the drug may only be covered if a member meet the criteria for \$0 copay under the Affordable Care Act. If a drug displays a "S" in the Drug Tier column, this indicates the drug may be covered at \$0 copay.

Affordable Care Act

Some drugs may have limited or \$0 cost-sharing under the Affordable Care Act. Examples of categories of drugs that may be subject to limited or \$0 cost share include aspirin, breast cancer preventive, fluoride supplements, folic acid supplements, gonorrhea prophylaxis (newborn), iron supplements, tobacco cessation, vaccines, vitamin D supplements, and some contraceptive drugs and devices. If you do not find the drug you are searching for, consult or contact BCBSWY to find out if the drug is available over the counter or is covered under your medical benefit.

Specialty Products

Specialty drugs are used in the treatment of medical conditions such as hepatitis, multiple sclerosis and rheumatoid arthritis. Specialty drugs may be oral or injectable medications that can either be self-administered or administered by a health care professional.

Limited Distribution

Drugs marked as “Limited Distribution” have restrictions on where you may obtain the drug. This may include requiring the use of a designated pharmacy to fill a prescription.

Step Therapy

Your benefit plan may include a step therapy program. This means you may need to try another proven, cost-effective medication before coverage may be available for the drug included in the program. Many brand drugs have less-expensive generic or brand alternatives that might be an option for you. If a step therapy is required for a medication listed in this document, it will be noted next to the medication with a dot under the Step Therapy column.

Prior Authorization

Your benefit plan may require prior authorization for certain drugs that are high-cost or have the potential for misuse. This means that your doctor will need to submit a prior authorization request for coverage of these medications, and the request will need to be approved, before the medication will be covered under your plan. If a prior authorization is required for a medication listed in this document, it will be noted next to the medication with a dot under the Prior Authorization column.

Quantity Limits

Drug quantity limits help encourage medication use as intended by the FDA. Quantity limits are placed on medications in certain drug categories. For the medications listed in this document, if a quantity limit applies, it will be noted next to the medication with a dot under the Quantity Limits column.

Limits may include: quantity of covered medication per prescription and/or quantity of covered medication in a given time period. If your doctor prescribes a greater quantity of medication than what the quantity limit allows, you can still get the medication. However, you will be responsible for the full cost of the prescription beyond what your coverage allows.

There may also be limits for members within a certain age range, and coverage only for members of a specific gender.

Vaccines

BCBSWY provides members with access to vaccines listed in the publication at retail pharmacies. Your benefit plan may restrict coverage for certain vaccines. This means that your doctor may need to submit a request for a coverage exception of these vaccines, and the request will need to be approved, before the vaccine will be covered under your plan.

Generic substitution

BCBSWY encourages generic utilization as a way to provide high-quality drugs at a reduced cost. Generic drugs are as safe and effective as their brand-name counterparts, but are usually less expensive. Generic drugs are manufactured under the same strict standards of FDA's Good Manufacturing Practice regulations that are required for brand products including batch requirements for identity, strength, purity, and quality.

An FDA-approved generic drug may be substituted for the brand counterpart because it:

- Contains the same active ingredient(s) as the brand drug
- Is identical in strength, dosage form, and route of administration
- Is therapeutically equivalent and can be expected to have the same clinical effect and safety profile

To encourage the use of generic drugs, Preferred brand drugs usually become Non-Preferred after the generic equivalent version is added to the drug list.

NOTICE OF NON-DISCRIMINATION PRACTICE

Effective September 20, 2016

Blue Cross Blue Shield of Wyoming (BCBSWY) complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or gender. BCBSWY does not exclude people or treat them differently because of race, color, national origin, age, disability, or gender.

BCBSWY provides resources to access information in alternative formats and languages:

- Auxiliary aids and services, such as qualified interpreters and written information available in other formats, are available free of charge to people with disabilities to assist in communicating with us.
- Language services, such as qualified interpreters and information written in other languages, are available free of charge to people whose primary language is not English.

If you need these services, contact us at 1-800-442-2376 or by using the telephone number on the back of your member identification card. TTY users call 711.

If you believe BCBSWY has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or gender, you can file a grievance with the Compliance Officer in our Legal Department

- by email at: Legal@bcbswy.com
- by mail at: BCBSWY Compliance Officer
Legal Department
PO Box 2266
Cheyenne, WY 82003-2266
- or by phone at: 1-800-442-2376

Grievance forms are available by contacting us at the contacts listed above or by using the telephone number on the back of your member identification card. TTY users call 711. If you need help filing a grievance, assistance is available by contacting us at the numbers listed above.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights

- electronically through the Office for Civil Rights Complaint Portal, available at:
<https://www.hhs.gov/ocr/complaints/index.html>
- by phone at:
1-800-368-1019 or 1-800-537-7697 (TDD)
- or by mail at:
Centralized Case Management Operations
U.S. Department of Health and Human Services
200 Independence Avenue SW
Room 509F HHH Bldg
Washington, DC 20201

Complaint forms are available at <https://www.hhs.gov/ocr/complaints/index.html>.
